

**Blended Learning at PS 33 Chelsea Prep**  
**(As of August 19, 2020)**

To safely accommodate all of our students and staff for the return to school in Fall 2020, our school has selected the 3-Cohort Model for blended learning. Blended learning means students will do learning some days in-person at school and some days at home. Students who are not signed up for full time remote instruction will be participating in blended learning.

To maximize instructional time in school and for instructional consistency, we will be utilizing the [flipped classroom model](#) and additional instructional practices to ensure each child receives high quality curriculum and instruction both at home and in school. Video mini-lessons, online digital software, paper & pencil materials, and various learning resources will be available to allow students to preview and practice lesson concepts at home before receiving targeted teacher supports in school.

Below is a snapshot of the in-person and at-home learning days over the course of three weeks for each of the cohorts. You will receive your child’s assigned cohort the week of August 24, 2020.
