

June, 2020

Dear Kindergarten Families,

We look forward to seeing you in the Fall! Below you will find some activities to practice over the summer.

Students will dive right into instruction beginning in September. To ensure a smooth transition, we ask you to please practice reading, writing, handwriting, and math with your child.

Children should be reading 15-20 minutes every day! We are including a book list organized by level. You can find these books at the New York Public Library, Barnes & Noble, www.getepic.com, www.amazon.com, or www.scholastic.com. Please use your child's reading level and read some of these titles over the summer.

Thank you for supporting our initiatives! We look forward to seeing you in September (virtually or in person!)

**Sincerely,
First Grade Teachers**
